

BEST WAY to LEARN WEATHER EVER

Learn future Wx Signs! This seminar will share with you the method I believe is the absolute best way to learn about weather. The goal is for pilots to begin to more effectively understand why the weather we experience occurs. Included will be a review of the tools that GA Pilots have at our fingertips that aid us with evaluation and forecasting.

Directions: Enter the airport area at the Osborne St. main entrance near the intersection of Osborne and San Fernando Road. Plenty of free parking. Drive to far end of lot near Airport Manager's office.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
